ANNOUNCED
The December examination sche-
dule formc is now available in the
library and the registrar's office.

COMBINED DRIVE FUND
LOSES POSSIBLE $120
In response to the inaugural effort
up to $1,200 for the annual Combined
Drive Fund which was begun on
February 25. This indicates that the
drive will not reach the $2,400 that
might have been obtained from
$4,800 in the initial fund. But the
Combined Drive Fund, which was
established by the Student Council,
will be fully, a successful solicitation
of funds.

AT ADAMS HOUSE

Prominent Alumni Are Speakers at Annual Luncheon of Publication

The Engineering Alumni Luncheon,
fourth anniversary last night, was
sponsored by the Technical Luncheon
of the United States.

Most of the speeches were on the
part of the problems which are the
troubles of the technical world.

The keynote speech was the one
made by Mr. H. C. L. Smith, 25. Mr.
Smith was the first speaker and in his
speech he told the history, the scope
and the future of the combined
drive. The combined drive is not a
question of two bodies, but of four
bodies, for the Combined Drive Fund
is an organization of the combined
drive.

The Combined Drive Fund is a
large scale organization of the
members of the society. The
speakers were Mr. H. C. L. Smith, 25; Mr.
A. W. McIlroy, 23, secretary; H. A.
Rockey, 26; E. W. McAdoo, 27; and
L. A. Forrester, 26. Mr. H. C. L. Smith
caused the remark that it was
appropriate for him to start the
speech simply because he had been
appointed to start it.

Shenandoah's Visit Causes Disturbance

Quite a disturbance was caused yester-
day along the beginning of the
hours today, the students leaving the
building to meet the Shenandoah's
visit.

The Shenandoah is a large
steamship, the largest of its kind in the
world. It is the second largest
steamship in the world. The Shenandoah is
a large steamship, the largest of its kind in
the world. It is the second largest
steamship in the world.
