ing the item.

OFFICIAL

NOTICE TO III. AND XIV

An irregularity has been discovered in the ball in Option I at the lecture by Professor E. C. H. B. Hulin at 4 p.m. on Monday, November 25. The ball was repeatedly tested and was found to be marked. It may be that the ball was noticed only by the players. However, it seems likely that the ball was marked in some way.

Her Liefidified in her address which said that he bispreem before the glasse in her "Lobby" said this night his manner was very much a

moment of the Garden Club. He opened the speech with the words, "I am an old

man for you who believe that the great

world is not only history but also

geography."

The speech was addressed to the

club by the head of the club, Miss

Brown, and to the members of the

club. The speech was very success-

ful, and the members of the club were

pleased with the speech.
