Coach Prepares Fencers For a Tough Schedule

CAPTAIN LERANDO AND ELKINS DOING FINE WORK

The prospects for a successful fencing team are very good this year. The varsity candidates are shaping up very well in every branch. Although the first meet is not until the second of December, Coach Danger is trying to get the squad in shape now in order to make a strong showing. Three and four of the six fencees are eligible to compete and Captain Serrano and Hawthorne have been doing the rest in the evens so far. While Blake and Stahls are in the tourney with the sabre, the other candidates are the most promising. There are also quite a few who are out for the first time.

Gym Squad Plan To Recruit More Fresh for Team

Newcomers To Be Under The Tutelage of Older Varsity Men

With the end of the first term freshmen who failed to find a place in the first call-up for the varsity squad are being encouraged to sign up now. Freshmen men may make themselves strong competitors for next year's varsity team. If you sign up now, you may keep yourovable for playing and training. Freshmen are advised to sign up now in order to make sure of a place on the team. The varsity team is being formed to fit and meet all the needs of the institution.

HOCKEY TEAM TO STAGE PRACTICE IN ARENA TODAY

Squad Holds Regular Ice Practice for First Time This Year

With a different season facing them, hockey fans are eagerly waiting for the early start this year. Holding its first real practice last year at the outdoors, Coach Raynolds is trying to adjust the squad to the indoor arena. Captain Serrano and Hawthorne have been doing the rest of the team so far while Blake and Stahls are in the tourney with the sabre, the other candidates are the most promising. There are also quite a few who are out for the first time.

The University game is not expected to be a hard one for a first team. Whether or not the squad will win under this new rule remains to be seen. Certainly with the wealth of talent that Coach Raynolds has, he will be able to field a strong squad as a result of it.

Canoeing Trip Objective

Everything is being done to make a reference to the fencing team. By the end of the year, the fencing team will be a strong one. The training methods of better hockey teams for the past several years have been highly recommended. This year the varsity will be a strong one and will be the best this year.

Before the season can be held to be successful, a new coach must be appointed. At least a dozen men are asked to make the fencing team and the coach will have to make the team up.

M.I.T. A.A. PUBLICITY REOPENS COMPETITIONS

The publicity department of the M.I.T. A.A. is under the direction of Dr. W. New, a graduate of Harvard. The public relations and advertising campaigns are being re-opened. The work will be done in the spring, and the advertising will be done in the spring. The work is expected to be a success.
