MANAGERS FOR RADIO SOCIETY APPOINTED

Appointments of members to various positions in the N. T. A. Radio Society were made at an executive meeting of the officers held Friday afternoon at the radio station. The appointments, which are for the current school year, are as follows: C. W. Carlson, Assistant Manager; W. Womble, Manager; and W. Snyder, Vice Manager.

ANNOUNCE FRESH CUTS WRESTLING PRELIMS

On Page Four

WRESTLING PRELIMS OFFER CLOSE MATCHES

(Continued from Page 3)

The New England Intercolligate Association has changed the date of the intercollegiate wrestling matches. The schedule for March 15 and to give the members of the various teams more time to prepare for the meet.

Team Will Not Meet Army

The Army was scheduled to meet the varsity on the first of March and had even signed a contract. However, they were unable to fill their contract so that they were unable to be released from it.

As we write this, there is no word as yet from the Army, and there will be no news with them this year. But there was a proposal to the New England Intercolligate Association to change the date of the intercollegiate matches, to March 15, and to give the members of the various teams more time to prepare for the meet.

T.C.A. BLOTTERS APPEAR BUT ONCE EACH YEAR

(Continued from Page 1)

They had been pasted on the bulletin board, but only an incognito capable of getting into the bulletin board in the first place could be able to remove them, according to Dr. J. A. Rockwell, Secretary-Treasurer of the Association.

The officers held Friday afternoon at the Institute, are admitted, without examination, to such advanced standing as is warranted by their previous training.

A new examination period is permitted. The examination, to such advanced standing as is warranted by their previous training.

New Metallurgy Course

The attention of Seniors and Juniors is called to Course 4112. "Metallurgy of the Common Metals," an optional course open to all men who have had the equivalent of the first year chemistry. For further information, see Professor C. R. Hayward, room 3-39.
