If you smoke a pipe
(if you don't ought to)
may it be worth your while to read this

You know tobacco is a ve-
table; it grows out of the ground,
and when it's green, it's too
harsh and strong to smoke.
The very best way to remove
that harshness and bitterness is
to age Velvet Tobacco in wood
for the years to come.

It's 10 to 1 you'll like Velvet
Tobacco—aged in wood.

"Best Paid Hard Work in the World"
I's the way a Jones Haycock salesman described his job. He is a college graduate and in five
years has put himself at the very top of his
business. He never yet has called upon a pros-
cut without a previous appointment. The best life
insurance salesmen today work on that plan, making
it a business for which the most able and
vigorous college graduates can find satisfying
mental and highly remunerative as well as
a future.

The man above quoted is the John Hancock's
youngest general agent. This shows how the college
products of the right type can do in this business.

He is a Harvard graduate, and his recent
success has made him one of the most
the best young salesmen in that line. He is
successful in every field.
