NEW TALK BY LAMSON

was convinced to recommend both circuits, those which are now running up to the present time. This brought forth several questions from the students, and all of the students were greatly interested in the development of the super-heterodyne, which has been developed by the ATT under the direction of Mr. de Forest. Mr. Lamson is a great authority in the field of radio development, and the discussions will be of much value to the students.

Great Gatherings May 17 at 5 o'clock, preceding the Mass-Dartmouth Annual Banquet, will consist of radio apparatus, with commercial operators being excluded. A president, application engineering, and the DARTMOUTH SHERIFFS DUTY will be in uniform. Arrangements may be made at T. C. A. office.

CATHOLIC CLUB HOLDS FINAL DANCE OF TERM

One hundred couples attended the Catholic Club dance held in the main hall of Walker Memorial last Friday evening at 7:30. The music was furnished by the orchestra of Mr. P. F. Griffin, Mrs. E. J. King, and Mrs. W. V. Heins. This is the last dance given for this term by the Catholic Club.
