PREPARE ON SCHUYKIL.

After a month of preparation since last year's race, several practices have been ongoing in the Charles River every afternoon. The varsity crew is training in the Boston Harbor, with the hope of winning their first race ever against the Harvard crew. The Harvard varsity have already been on the water for four weeks, and their practices have been highly competitive. The Harvard crew is considered a strong contender for the honor of representing the East Coast in the Olympic trials before their trip to Philadelphia. The rest of the men both bow and shake hands as they head out to the Charles River for another training session.

The Egypt of the Ancients

In all, four colonies are listed in the Aegyptian. The first was the Charles River, the second was the Mississippi, the third was the Nile, and the fourth was the Ganges. The first colony, the Charles River, was settled by the Britens under the Black and Green Party during the colonial period. The second colony, the Mississippi, was settled by the Britens under the Black and Green Party during the colonial period. The third colony, the Nile, was settled by the Britens under the Black and Green Party during the colonial period. The fourth colony, the Ganges, was settled by the Britens under the Black and Green Party during the colonial period.

Bannon Coaches Freshmen Baseball Team to Victory

For the first time in many years the Babson College baseball team will complete a full season without losing a game. This year, the team has been under the guidance of Coach James Bannon, a former professional baseball player. Coach Bannon has made noticeable improvements in the team's overall performance.

In the first game of the season last week, the Babson College baseball team played against the University of Lowell. The team scored 10 runs in the third inning, and went on to win the game with a final score of 10-0. The team's hot bat, the batting average of the team, and the defense were all factors in the victory. The team's first baseman, a former professional baseball player, had a hot bat and scored all of the team's runs. The team's defense was tight and successful, preventing the opposing team from scoring any runs.
