TECHNOLOGY BRANCH

THE STORY OF THE TECHNOLOGY BRANCH

WE ARE GIVING BELOW A RE-ARTICLE BY MAJOR EDWIN T. COLE WHO WAS THE FIRST TECH DIRECTOR ON THE BOARD OF DIRECTORS OF HARR

YARD CO-OPERATIVE SOCIETY. THE ARTICLE SHOWS HOW THE TECH BRANCH WAS CALLED INTO EXISTENCE AND THE ARTI-

CLE IS NOW AN INTERESTING HISTORICAL SKETCH.

IT MIGHT BE WELL TO MENTION HERE THAT TECHNO-

LOGY'S REPRESENTATION IN THE MANAGEMENT OF THE BUSI-

NESS HAS BEEN GREATLY INCREASED IN THE PAST SIX

YEARS. PROFESSOR DAVIS B. DEWEY AND PROFESSOR MILLER ARE NOW STOCKHOLD-

ERS. THE FOLLOWING MEN FROM TECHNOLOGY HAVE BEEN

NOMINATED AS DIRECTORS FOR THE HARVARD YARD TECHNI-

CAL CLUB: WALTER HURST, H. M. FORD, JOHN BURGESS, AND W. I. STARK.

DIVIDENDS

Last year the Institute Committees, having gone into the subject of the Technology Cooperative Society, particularly with a view to establishing co-operative service at the new Tech-

nology, asked the Alumni Council to appoint a committee to investigate the matter and to make recommendations. This action was taken and the Committee after a very thorough in-

vestigation, satisfied in its report, suggested that the Harvard Co-oper-ative Society, one of the most successful in the country, be invited to estab-

lish a branch as close to the new Technology as possible. This recom-

mendation having been approved by the Institute Committee and accepted by the Harvard Cooperative Society, arrangements are now in progress for carrying out the plan.

One of the specifications has been that a member of the Technology Fac-

ult be elected to membership in the Board of Directors to represent the Institute in carrying out the plan, the understanding that nomination of the President was only needed to complete the space to be used in THE TECH for telling you all the details of the plan and its progress to Technology.

In this first article it is desirable to make a statement which will be requir-

ed and argued about right along until it is decided that the course has been very popular with the students in the past. All those who are interested in newspaper work and who wish to see what it is like to get into the college journalism field should not fail to take advantage of the opportunity.

Owing to the fact that several changes have been made, the class will not be organized to new in special. All arrangements have now been com-

pleted to hold the class from four to five o'clock on every Tuesday and Thursday as scheduled. As the work and work of the students in the past. All those interested in newspaper work and who wish to see what it is like to get into the college journalism field should not fail to take advantage of the opportunity.

Before the past six years the dividend rate has been 10 per cent. on cash purchases and 8 per cent. on charge purchases. Your dividend checks for 1923-24 will be ready Tuesday, October 14. Bring your membership cards. A teller from our bank will be at the store from 10 A. M. to 3:30 P. M. to cash dividend checks.

JOURNALISM OPTION

This year the Tech will again be given an opportunity to select a course in journalism for the cooperative work of English and History. It will be carried on in connection with the Boston Globe. Because of the novel and interest-

ing way in which it is taught, the course has been very popular with the students in the past. All those who are interested in newspaper work and who wish to see what it is like to get into the college journalism field should not fail to take advantage of the opportunity.

Do you want to get into a "live wire" activity?
