PROPOSE REDUCTION IN NUMBER OF MEN ON GOVERNING BODY

Plan Would Drop Fifteen Men From the Institute Committee

TWO TERM YEAR PLANNED

Proposals for a saving reduction in the personnel of the Institute Committee were made at a meeting of committee members yesterday in which decreases in the representation of the several societies, the deans, the four seniors, and the two term committee were discussed.

After the usual formalities of the meeting the chairman proposed a resolution that all the heads of the several organizations represented on the committee be notified of the decrease and that they bring their representation from their organization to the meeting. Such a decrease was found to be necessary because of the inactivity of some organizations and the large number of members in others.

The motion was then referred to the faculty committee to the use of the committee. The motion was later taken from the table and the reduction was made.

ATHLETIC ASSOCIATION TO SANCTUARY FIGHTERS

On Saturday at six o'clock in north of hall A, a banquet is to be given by the Big Blue and the freshman class to their colors, coaches, and managers of that group. This banquet will bring all who enjoy good times and good food together.

EXPANSION OF INSTITUTE ONLY WAITS ON FUNDS

"Each of us is all that holds the development of the Institute's newly acquired buildings in Cambridge. This is the time when the money must come," President Stratton said yesterday.

The buildings that have been provided for the Institute are a sufficient facility for the time being but it has already been decided that the expansion of the Institute must be made as soon as possible.

VICTORIOUS CLASS WILL SNAKE DANCE ALONG BOULEVARD

Mysterious Mascots Will Give Encouragement to the Winning Class

With only a high pitch of enthusiasm for final efforts on the part of both classes in a campaign of speeches and posters to rally the crowd for final efforts, the Institute will hold its traditional Field Day festivities this afternoon.

After the usual formalities of the day's activities, the two classes will line up outside the Institute. The two classes will march to the Cambridge Armory where the speeches will be held.

FROST TRY KIDNAPPING

The student body at Technology went on a rampage through the streets of Cambridge last night after a mob of 100 freshmen had attempted to break up the Sophomore Memorial.

A burning effigy of the Class of 1928, which includes Sophomore Frost, was pulled from a polon on the Technology dock, started the fracas. Among those who rushed the Sophomore penalties of the effigy in an effort to retrieve it were some of the heavyweights of the Classes.

Traffic Blocked

The two rival classes then formed a line and forced a street down Massachusetts Avenue, Cambridge and through Central Square to the tune of "Ball, the gang all here," and the echoes of Technology.

Traffic was blocked all along the street by the student body. The massing of students was quite temporary and other classes in the vicinity soon took over the traffic duties.
