Maple Technology will have a varsity baseball team next year if it can get the present plan of the Institute to include the necessary funds. This is the only way we can have a baseball team, and it's the only way we can have it.

The whole idea of having a varsity baseball team is to make it possible for us to continue the baseball tradition. We have had a few recent years where we have not had a team, but we think we can get a team next year if we can get the necessary funds.
