CHEMICAL SOCIETY TO HOLD DINNER

About 100 Students to Attend—Dr. & Mrs. Willard Will Give Address

About 80 students have already signed up for the Chemical Society dinner to be held at the Willard on December 8th, 5:15 p.m. The dinner will be held in honor of Dr. and Mrs. Willard, who are former members of the faculty. The dinner will feature a speech by Dr. Willard, who will discuss the history and development of the chemical industry. The event is expected to be well-attended, with many students eager to hear his insights and network with other members of the chemical community.

COACH BILL HAINES

On the first of January of this year Bill Haines, present head coach of track, resigned on account of ill health. Prior to his arrival, the Brooklyn crew was not very prominent in the eyes of sports writers. However, as Bill commenced coaching, the Brooklyn crew began to make itself felt. He trained the crew so efficiently that they became the champions of the Metropolitan League.

The team has won all of its meets so far, and as the season draws to a close, the Brooklyn crew is expected to win the championship.

P.S. Haines is expected to return to coaching next year.

FACULTY QUIET ON TERM CHANGE

The Faculty has so far kept quiet on the question of a two-term change. THE TECH has learned that the Faculty plans to wait until after the Christmas vacation to make a final decision on the matter.

"The FACULTY QUIET ON TERM CHANGE" article is a significant piece of news because it suggests that the Faculty is divided on whether to change the term structure. This could have a significant impact on the academic calendar and student life.

Society of Arts Announces Talks

On Science for the Coming Year

A series of Popular Science Lectures are to be delivered during the coming winter under the auspices of the Society of Arts of the Massachusetts Institute of Technology which has just been approved. These lectures will be given on Sunday afternoons at 4 o'clock in the Institute Buildings, Cambridge, and will be open to the public free of charge. The season's list includes some scientific lecturers of current interest and investigations in their chosen field of science, and will illustrate their lectures by the use of lantern slides, films, lantern slides, and other scientific apparatus.

The first lecture of the series on Sun., Dec. 8, will be given by Professor John C. Buel of the Department of Electrical Engineering. The subject of the lecture is "The Nature of Electricity," and it is expected that the lecture will be well attended.
