Mentors To Speak On Plans for College Campaign

After the introductory information from the report of sports carried by the press in recent weeks, the attention of the college sports community is now focused on the plans for the spring season. The Thursday afternoon meeting of the Athletic Council, held Thursday afternoon, is expected to be a significant event in the planning process for the upcoming season.

The mentors, who will be speaking on the plans for the College Campaign, are expected to present a comprehensive overview of the season's events and activities. The mentors will discuss the various aspects of the campaign, including the upcoming events, the role of the mentors, and the importance of involving students in the planning process.

The meeting is open to all members of the college community, and all interested individuals are encouraged to attend. The meeting will be held in the main auditorium of the college, and refreshments will be provided.

TICKETS

Tickets for the meeting are available at the college ticket office and will be sold on a first-come, first-served basis. The cost of the tickets is $10 per person, and all proceeds will be donated to the College Campaign.

The meeting is expected to be a valuable opportunity for students to learn more about the plans for the College Campaign and to contribute to the planning process. The mentors will provide valuable insights and perspectives on the upcoming events, and the attendees will have the opportunity to ask questions and provide feedback.

In addition to the mentors, the meeting will feature a panel discussion with representatives from various departments and organizations within the college. The panelists will discuss their roles in the planning process and the impact of the College Campaign on the college community.

The meeting is a great opportunity for students to get involved in the planning process and to make a meaningful contribution to the success of the College Campaign.

BIG TRACK RALLY THURSDAY

Harvier Leader-Elect

Big Banquet To Be Held By The Beaver Rovers

In order to get as early a start as possible, the first men will report for their first practice of the season on Wednesday. Coach Bill Hanna is very much interested in getting the men together as early as possible, as the first man will have to be in football shape by the second week. The second week will bring up keen men to come out. Hugh Siger, who worked out during the Fall, will continue to coach the freshmen, and doubtless the men for the next month or so will be trained in precision on the track. The coach will then try to get the men interested in the track meet.

The Beaver is a strong one this year, and the first and second 150 pound Varsity will have considerable competition for a place. Bill has planned a large first string team, and the expectation is that he will have a very interesting offering. This banquet is to be held in the hangar on the last day of the month, and it is expected that it will be the highlight of the season.

The above group is further strengthened by the cross-country men, who come to the Institute that to go out. In the Fall, they will be in fair shape to practice in the winter meet, but according to Johnny Field either the hangar gym or 10-250 will be used. The President of the American Athletic Association will attend this banquet, and there is also Doctor Lentz of the track team.

Another innovation that will bring athletic contest to the A. A. has any- thing to do with it. The Banquet will be held at the Hotel Avery on the last day of the month, and there is also Doctor Lentz of the track team.
