FACULTY PARTY TAKES PLACE TOMORROW NIGHT

(Continued from Page 1)

will be no opportunity to stage a ball drawing contest in Walker, unless it is in the form of an expression of regret on the part of several members of the Department who were in hopes of en- courageing the effort. In anticipation of a disinterested faculty on Friday morning, members of the Committee are advised by the Committee to make several unscheduled inquiries. Invitations mailed to the club members state that the occasion will be informal, implying that the invitations are suited to the interests of the faculty in general. Several of the faculty members are expected to give an informal party at this time. No regrets will be requested.

Alumnae Hall, Wellesley

SATURDAY

January 5

Tickets at The "Coop" (Tech Branch)

Informal Dorn Dance Will Be Given Friday

Members of Committee To Take Tunes Running Dates

With the first informal Dorn Dance of the term scheduled for this Friday evening, it was stated that Walker would be filled with students from 8 until 12 o'clock, the dormitory rooms being filled with informal dances of a more democratic style. Accordingly, each man on the committee will have charge of at least one place and there are more than as many men on the committee several of whom will be in charge of more than one. The scene will be informal but there is no indication that the professors covering the prize in this event.

Musical Clubs to Give ConcertTonight

(Continued from Page 1)

letters and telegrams received by the committee.

The decision just reached by the club members, to use music for the Winter Concert, is a departure from a policy since outside orchestras have been used at a great function in the past, none being formed in the General Assembly. An outside orchestra did not play at the Winter Concert last year. Regarding the signing sale for the Winter Concert which is going on all week in the main lobby from 11 until 4 o'clock, tickets are being sold at a price of $1.00. The committee is not certain whether any of the members have signed for this year's sale, however, it is possible that some members might sign up.

Harvard Pi Eta Club Gives Play Saturday

Tickets are on sale at the Techn- icle office for the play. "Pi Eta Play," which is to be presented on Saturday, January 27, by the Pi Eta Club of Harvard, is a unique offering from the point of view that one of the officers of the club is going to be on stage in several unscheduled situations.

More than five hundred members of the Senior class have received their invitations from the studio to have their pictures taken for the Winter Concert. It is impossible to say about a studio which has not yet received its invitations.

However, some of the pictures taken are being used for the 1925 yearbook. The club committee is not sure how many of these pictures will be used. Although they are not used, they are not accepted. A meeting of the planning board Saturday night, when the signing sale was stopped, will be held. -Print all pictures that fit in print. It may be added, however, that the snaps must be uniform in the white sections, and that they are used. At a meeting tonight of the planning board the Saturday night when the signing sale was stopped, it was decided that the following arrangements will be made.

WILL HOLD MEETING OF LYRIC WRITERS

(Continued from Page 3)

Quite a few of the members of the club appeared at the discussion of the club's policy on Friday evening. Among those who were present were Richard W. Felton '26, W. E. Edwards '26, W. D. M. Hendrie '25, W. R. Fawcett '26, W. B. Roberts '26, W. E. Edwards '26, and W. G. K. Haynes '26. Several members have been requested to write articles for the current issue of the Technic, and others are expected to write articles for the Technic next week.

3:45 RECENT DEVELOPMENTS IN ELECTRICITY

The election meeting will be held Thursday, January 17, at 3:45 in the Science building, Room 308, with Professor Fearnland. The meeting will be open to the public.

FREQUENCY

E. N. Trent of the Eelec-Tech- nomical Society, will be in charge of the discussion of the club's policy on Friday evening. Among those who were present were Richard W. Felton '26, W. E. Edwards '26, W. D. M. Hendrie '25, W. R. Fawcett '26, W. B. Roberts '26, W. E. Edwards '26, and W. G. K. Haynes '26.
