CIRCUS COMMITTEE UNABLE TO SECURE A GOOD LOCATION

Institute Committee Recommended Abolition of Outside Charity Work

WILL GOVERN TREASURERS

Stand Is Taken by President Bateman Against Smoking In the Corridors

Alden Cory, Jr., 22, Chairman of the Committee on Student Social Life, declared that last night’s meeting of the committee, which met in the basement of the American Museum of Natural History, failed to realize that inexplicable trouble was being evoked by the proposal of the Harvard University Socialists to dispose of the President of the Commonwealth and Massachusetts Institute of Technology.

According to Colonel S. R. Kellogg, Jr., who made the use of the basement a condition for the use of the museum, the arborist authorities have now gone back on their word and have granted the use of the arbor to other students for that date.

Numerous suggestions were made by members of the committee for the elimination of the trouble, ranging from the proposal to stage a meeting of the students in the basement to the setting up of the museum between Walker and the library.

The purpose of the meeting was to decide whether a committee shall be appointed to handle the problem of securing a good location for the annual circus, which will last until 12 o’clock.

The price for dormitory wishes to attend the affair secure their

SEASON’S FORMAL DORM DANCE TO OCCUR SOON

Favors For Men and Ladies to Be Distributed During Dance

The annual formal Dormitory Dance will be given in Walker Memorial next week on Tuesday afternoon at 5 o’clock.

Tickets will be on sale every day on the second floor of the Main Building. They will be distributed among the students at Rogers registration hours, for the purpose of securing the largest possible attendance.

The Dance will be started promptly at 4 o’clock. The students will be divided into groups, each group being assigned a color. The music will be played by the Johnson Strings.

NOW DORMITORY DANCE WILL BEGIN PRACTICE

Makes Final Call For Design For Poster and Song Book Cover

All men who have been invited to design for the poster, design and model for the Front Cover of the General Electric Company, are invited to come to Alden Cory’s office on Tuesday afternoon at 1 o’clock.

The posters and drawings will be distributed among the students at Rogers registration hours, for the purpose of securing the largest possible attendance.

The poster judges will be D. L. Shepard Jr., H. Harrison Jr., and J. A. O’Hara Jr.

TUESDAY, FEBRUARY 3

The Poster should be 6 inches x 4 inches, and should be decorated with cutouts of the Institute’s professors and students.

FRESHER CLASS IS ADDRESSED BY DOCTOR STRATTON

Discusses Possibilities Open In Various Branches of Engineering

The next lecture will be in the Science Hall on Friday afternoon at 5 o’clock.

A record of the lecture was as follows:

"The main factor is success. The man who can make money will make his fortune. The man who can earn the respect of his fellow workers will find that he is on the tremendous way to success."  

"The man who can make money is the man who is the real employee in our country. The man who can make the greatest contribution to society is the man who can make the greatest contribution to our country."

"The man who can make money is the man who can make the greatest contribution to society. The man who can make the greatest contribution to society is the man who can make the greatest contribution to our country."
