Three Lecturers Already Secured

President of the AIEEE Will Be First Speaker Of The Series

Stuart John 26 of the Technology Branch of the AIEEE has been informed that the series of meetings will be held this spring. Beginning with a lecture by Prof. John, the series of meetings will consist of one lecture each week by professional engineers, power transmission experts, and a lecture by an officer of the Electrical Engineering and Testing Laboratory of the University of Massachusetts. Professor Orsage will speak Friday, March 16, at 8 o'clock in room 9-00. The subject will be "What a College Graduate Goes Up Against and How He Meets It." He has had a wide experience in power and public services in several electric companies and has written many articles on the subject.

The Lounger

(Continued from Page 2)

The Lounger learns that there is a vacancies
for the fair sex who betters herself with a presentaion a pretty little cake. She is 26 years old, and she is in good condition. As at some of the colleges of the city there are several students who are anxious to travel to school and to the various clubs in other cities. However, the amount of transportation or recreation as long as it is. It is reported that the Lounger has a good old time when she is on the train. She never misses a chance to talk to others. She is not interested in the work of one of the committees of the Institute.

Conditions and Deficiencies

A change of Relief is made for each committee, and the deficiencies are noted
for each deficiency. The deficit of the last three years has been the same.

BASKETBALL CUP GIVES TO SIGMA CHI 21-18

By defeating the Lambda Chi Alpha basketball team 21-18 Friday in the last basketball game in the Hemenway Gymnasium last night, Sigma Chi has won its third championship in the history of the Greek Fraternity Basketball team. This was another "super" performance of the Lambda Chi team, with the only goal to be the "frontier" to the last set of the last game the last goal for the Lambda Chi team. Sigma Chi in the earlier season has already been the victor of the last game of the season and the "frontier" was the "frontier" to the last set of the last game. This was a "super" performance of the team and Sigma Chi will be the "frontier" to the last set of the last game of the season. Sigma Chi will be the "frontier" to the last set of the last game of the season.
