**CRANE CONCLUDES SERIES OF TALKS**

**Says That There Is No Conflict Between Science and Religion**

(Continued from Page 1)

..does not make a good soldier. We should remember that the army, from its early days, has held high standards of conduct, and that these standards should be maintained.

In conclusion, it is important to remember that the army is a place where men can develop their potential and achieve their goals. The army provides opportunities for leadership, responsibility, and service, and it is a place where individuals can make a difference.

**OREGON STATE COLLEGE DEBATE**

*Meet Technology Team Here Tuesday Evening*

Perspective view of Oregon State College, as seen at Corvallis. One of the debates will take place on Tuesday evening.

Dr. Robert B. Sosman will give the fifth of his series of Geophysics lectures, *Earth's Elasticity,* will be given Tuesday, April 14.

The Orego n team will arrive in Boston on Tuesday and will remain the night of the debate. The reception will be held for the Oregon team at the home of A. Nelson, Associate Professor of Chemistry, at 5 Wachusett Street, on Tuesday night. The visitors meeting the judges will be the chairmen of the debates at the boat. The visitors will be entertained at a special committee on this occasion, the F. E. Morris 26, Harold Knight 26.

Dr. William B. Darling, Manager of the Science and Technology Center, said, "Religion and Science go hand in hand," as a simple understandable definition.

"If it's popular at College Hall, it has a basis of every martial trouble can be traced to disloyalty, not necessarily by drink or smoke or swear or dance will bring on the death of a man. And more than one boy has died any moment. And more than one boy has died any moment.

"Love without the oil of Loyalty. The lamp of Goodness without the oil of Loyalty and religion go hand in hand," as a simple understandable definition. In the talk on Wednesday the speaker stated, "Science and Religion Together" as a simple understandable definition.

Dr. Crane said, "Religion and Science go hand in hand," as a simple understandable definition. In the talk on Wednesday the speaker stated, "Science and Religion Together" as a simple understandable definition.
