ARCHITECTS ELECT LEADER TOMORROW
Nominate Men for Presidency of The Architectural Society

Election of President of the Architectural Society will be held at the Rogers Building tomorrow. To date the leading candidates for the position are A. K. Laing '26 and R. C. Dean '26, both nominated by the present Student Council. Others may be nominated by this student body provided they are sponsored by at least five members in the department.

At the same time, several amendments to the constitution of the Architectural Department will be voted upon. One of the purpose of electing two members from the preceding year.

WANT NEW AND BETTER CO-EDS AT TECHNOLOGY

Obtaining of newer and better co-ed students at Technology is a purpose of a position assigned among the undergraduates yesterday and agreed by more than 100 students. The action is believed to be "unorganized" undergraders' response to a referendum vote on the question, issued by the Student Council of Technology. The Student Council of Technology obtains some of its membership from the freshman class, and it is understood that this position is being voted on all ballots in the coming elections and that the Student Council of Technology will have "two members from the preceding year." The plan is certain to be put in force next semester as a "suggestion" for the coming year. It is understood that the Student Council of Technology will have "two members from the preceding year.

CORPORATION APPROVES SUNDAY ATHLETICS

(Continued from Page 1)

Herefore, there has been some opposition to the motion, insomuch as it would mean that the Institute would have to provide caterers on Sunday. As a result of this objection, the Advisory Council of Athletics has voted that we could find no reason for opposing the ruling. Since then, we have received a letter from State of Mass. Indians that prohibits such a use, Assistant Dean Lebendt will work on the problem when the Petition is expected. He has been a tremendous obstacle in our way of the new rule.

By following the students who have no other recreation facilities, we have established the fact that many of the students are strongly in favor of the new ruling. Yesterday was a great day for the students who could come out of the door, and the large number of students showed up for the early, noon and the evening sessions. Eight and six o'clock indicates that there is a demand for the labahd the recreational facilities. The men in the student body, in particular, are not unappreciative of the opportunity to get out of the college, good, and have a good time.
