FRENCH PROFESSOR OPENS AUTOMOBILE TALKS HERE TODAY

Professor Pierre Lemaire Will Deliver a Series of Seven Lectures

The Design and Proper Adjustment of Automobile Parts will be the subject of the first of a series of automobile lectures by Professor Pierre Lemaire, third French exchange professor, to be given this afternoon at room 3-290, 2 o'clock. Although these lectures are addressed primarily for students in Automobile Engineering, other students who may be interested are invited to attend. A number of years ago an agreement was made between the faculty of automobile engineering and seven American universities. Consequently, professors from these two countries come to the institute to give courses. After the war it was considered an opportunity for these professors to improve the training of students and staff in this and other subject of common interest since 1921.

GIVES LAST TALK ON COLOR TODAY

Dr. L. G. Priest Ends Series With Lecture on Practical Applications

Irwin G. Priest, chief of the colorimetry section of the Bureau of Standards, will give his last lecture in the series of three lectures on colorimetry given in the committee room at 4 o'clock today. Dr. Priest developed the science of color. Dr. Priest showed that one must have knowledge of the science and the training of a physician. Certain measurements, particularly related to and included in both these fields.

SOLICIT POLICIES

All members of the Class of 1925 who have not already subscribed to the policy will be individually solicited by members of the association rules. A large number of policies were sold by members of the general committee and it is expected that the old committee will again be able to sell a number of policies. Men who subscribe to the fund is much higher than that attained by solicitation. The method of individual assignment to dormitories for grade years, the first payment of $8.88, plus or minus a few cents depending on the amount of springs of automobiles. It is possible to subtract the first payment of $8.88, plus or minus a few cents depending on the amount of payments made.
