CARBON MEDALS WILL AGAIN BE AWARDED

At the same time that the announcement is received that the 1925-26 varsity crews are now being selected, many of the men interested in turn out for the announced physical training classes. A full list of each year’s house medals, the gift of the late Samuel Cabot ‘96, is given to the five students who make the greatest improvement in physical strength, measurements and general efficiencies indicated by tests made in the fall and spring, and as shown in the regular class work. All students registered for Physical Training in the gym will be considered as applicants for these medals. The tests are to be taken under the supervision of the physical training instructor, Rev. W. D. Walker, Memorial Fieldhouse.

Wrestling is another interesting sport that is badly in need of likely looking candidates. This sport has always been a winter favorite and a consistent winner. As the present class is not included, however, the outlook is dubious with regard to the future. All the sweaters that are expected to come out this winter are expected to be the strongest and strongest men that have represented our Institution in the past. It is entirely possible, however, that this sport will have a very good showing since the men from our neighboring colleges are showing characteristic interest in the sport.
