Colonel Gow Gives Interesting Lecture on Foundation of the Society

At the first meeting of the M. T. Y. Student Chapter of the New England Society, held last Friday evening, October 21, in the Music Room of the Engineering Hall, Colonel M. C. J. Colonel Gow, prominent foundation engineer, was the chief speaker. The evening afforded a wonderful opportunity for the students to meet with a prominent engineer, and Colonel Gow did much bringing pleasant reminiscences of his engineering experiences, as an amateur was allowed free admission to all the meetings of the Society, carrying with it all its privileges, except that of voting. For this reason, the students were not excluded from the Society. Specifying the historical development of the main feature of the program, were the following historic events: (1) The first meeting of the Society, held on Wednesday, October 28, at 3:00 P.M., in the Techtonians, W.
