T.C.A. QUOTA FOR ONLY DRIVE THIS YEAR TO BE $2500

Dormitories and Fraternalities To Be Caesured Monday, November 2nd

HAS THREE DAYS TO RUN

Hearing set $5,350 as its quota, the Technology Christian Association will begin this week its drive to raise the money needed for the plan of caesuring the Dormitories and Fraternatal- ities Monday evening next. It is expected that the amount will be raised by 6 o'clock Thursday night, the time for the official close of the drive.

The situation will be won by contributions, the design being the initiation of $50,000 bond which has already been subscribed. Envelopes will be passed out in class-rooms throughout the uni- versity, each envelope containing a button, and the contributions returned with the envelopes. Claims are to be made on the officers to show the progress of the individual dor- mitory and fraternalities, and the rest is over.

Quota Increased

The $5,350, that the executive com- mittee of the T.C.A. desires, has been raised somewhat more than last year's amount of $5,000. This is the result of the increased scope of the drive, the interest in the campaign and the addition of another secretary, C. G. C., who joined this term. Although there is no lack of enthusiasm on the part of the T.C.A., the amount subscribed by each student is much less than last year's.

The first solicitation of the end of the semester deadline is due next Thursday, November 5th. A solicitaton list of the names of students to be contacted will be distributed.

Last year about $5,150 was solicited, which is $150 lower than this year. It is pointed out that the amount that was raised last year is not less than the quota set, because of incidental expenses, unless the drive is unsupervised.

LIBRARY PLANS NEW EXHIBITS THIS YEAR

To Start Series of Exhibits With Display of Mausoleum

In view of the interest shown by the alumni, students, and faculty in mausoleum exhibits, Professor W. N. Beavon, librarian, proposes to have more dis- plays in the future of the University in the years to come. The first item of this series of exhibits is Aga, India. These following are displays of rare books including a section on the Indian mausoleum.

The subject of the exhibit is "The History of the Cemetery" and "The Cemetery as a World-church." The latter is arranged to explain the story of the history of the cemetery.

The exhibition will be open every day from 9:30 a.m. to 5 p.m. and will remain open until the end of the year. A special exhibit will be held on Saturday, November 3rd, from 2 to 5 p.m.

F. A. SCOTT SECOND ALDER LECTURER

"The Average Engineer an Opportunity?" Title of Friday's Talk

"The Average Engineer an Opportunity?" will be the subject of the talk to be given by F. A. Scott, President of the War Department, at the Massachusetts Institute of Technology on Friday, November 12th, at 8 o'clock in room 10595.

The company of which he is president is now being operated by the American Manufacturing Company of the World War. Scott has been made president of the company, which is the outgrowth of the company of which he was once vice-president.

The lecture of the Alder series are intended for students and employers who desire to get an inside view of the work going on in the engineering field. The audience will be given an inside view of the work going on in the engineering field.

The Alder lecture is sponsored by the Institute of Technology and is given in the Institute's Memorial Building. The lecture will be given every Friday afternoon at 4 o'clock in room 10595.

TO SHOW TWO FILMS AT CHEMICAL MOVIES

"Stereodynamics at Work" and "The Making of a Master Chemist" will be two of the films that are to be shown at the University of Chemistry and Physics Friday afternoons at 4:15 o'clock in room 10595.

EDITORIAL

We cannot recommend too strongly that the men in the two lower classes note with care all the data that is to be published here. It is not only summarizing the discipline and activity situation, but it is suggestive of opportunities.

If it is correctly applied, the situation need not be materially strengthened this year. It is proposed that this undergraduate body enact civil actions in the interests of the present and future activities and atmosphere.

Watch This Space

D A T A on the man-power available and the man-power needed in institute activities and activities is being col- lected by the T. C. A. The data is to be used as a basis for the preparation of activities which will be approved by the officials to inspect the displays this term. The students are invited by the library to attend the exhibition of literature was put on dis- play in the T. C. A. The display of rare books including the VailCollection, histories of various eras the Tech Collection, at commence- ment and the Institute Collection, at commencement... The students last year in the library learned that the estimated cost of incidental expenses, unless the drive is unsupervised. The activity of the T. C. A., as well as the drive.

MUSICAL CLUBS TO PLAY AT FILENE'S

Specialty Acts Consist of Brass Quintette, Violin Soloist, And Piano Duo

Opening the year's program, the Combined Musical Clubs will deliver a concert in the Music Room of the department store, beginning at 7:10 o'clock. The feature of the evening will be a series of specialty acts in addition to the selec- tions by the Combined Musical Clubs and the Technion. Before the concert the officers and leaders of the clubs will be presented to the officers and leaders of the Piano Entertain- ment Association.

Specialty acts for the concert include a brass quintette. The quintette will consist of two saxes, two horns and two violins. P. C. Bagdasarean '28 and W. A. Young '28 will play the saxophones and the banjos. Another number will be a violin solo by G. W. Bates '26 on the violins, and a duet by H. L. King '28 and H. L. King '29 has been ar- ranged.

The Technion, who are also being coached by T. C. A. Members, will deliver a specially arranged orchestration of "The Swan" by Debussy and "Yes Old, That's My Style," a Southern melody. The last band will play for dancing in the Combined Musical and will continue until 11 o'clock.

With the concert of Sunday night, the Banjo Club will play several of the current popular songs, with especial reference to the "Battling Banjo," who is coaching the club, has written all the music. Several numbers will be played at the concert, with four pieces arranged by the "Silky Worth," have no not yet announced their program.

SERIES OF THREE FRESHMAN MEDICAL LECTURES PLANNED

Dr. Morse Will Deliver First Of Medical Lectures

NEXT TALK ON FIRST AID

Now must men be given general ad- vice on how to keep physically fit by Dr. W. Morse of the Medical Department tomorrow afternoon at 4 o'clock in room 10595.

This year, as in previous years, the Medical Department will give a series of three lectures in free medical advice, but many are not familiar with the work that the department is doing in preventing the extensive use of drugs.

Every class from one to the other is expected to attend the Medical Department be- cause of the course in free medical advice, which is offered in addition to the small number of students.

Medical Attention Free

Most first year men know that pay- ment of student account will include all medical attendance, but many are not familiar with the work that the department is doing in preventing the extensive use of drugs.

Every class from one to the other is expected to attend the Medical Department because of the course in free medical advice, which is offered in addition to the small number of students.

GAMING DANCERS AT THE DORM SMOKER

Kneke Will Feature Activity To Be Held on Evening of November 20

A dancing girl review, from the stage of the Smoker to the music of the Dormitory Band, will be given by the Cer Exercise Company on the eve- ning of November 20. The Dormitory Band, composed by the committee for games and music, will be played by the Mandel Club under the leadership of A. L. Brown '28.

"Sole Mio," the Dorm," and "And I Love You" will be played by the Mandel Club under the leadership of A. L. Brown '28.

The Glee Club, conducted by "Silly Worth," have not yet announced their program.

Famous German Physicist to Deliver Lectures Here Beginning Next Monday

Lecture on Theory of Rigid Bodies

By Professor

Class Battle Results

Three splendid doors and a number of windows broken by the bargers, fire extinguishers, and cut halyards on one of the first two dormitories, the damage done last Thursday evening among the dorms. The cost of the damage has been estimated to be $10,000.

Men were employed yesterday and this morning to repair the damage done last Thursday evening, and the damage has been estimated to be $10,000. The dorms are to be repaired tomorrow.
