PRESIDENT IS CHAIRMAN
Class of 1927 Will Vote for Five Men in Elections Next Wednesday

From present reports a large number of students will be nominated for membership in the Junior from Committee. Numerous nomination blanks have been circulating in various parts of the campus, and if the rule continues it is expected that there will be a considerable race for positions on the committee.

All blanks must be in by 4 p.m. today. Monday. They must be turned in at the appropriate time and if any has been sent this must be for the purpose. Blank circulators are working to their utmost extent, and only those who are in charge of blank circulators will be permitted to cast a ballot.

Attention is called to the fact that continuance of the Mystery Game Competition does not involve any additional points. This will eliminate those who are carrying a maximum amount of selectives and are unable to get the one they need without interference by the Point System.

The President of the Junior class is to be elected tomorrow at 10 a.m.

AERONAUTICALS GET FREE PLANE RIDES
Free complimentary tickets were handed to students Wednesday afternoon by the Wright Service Company. The tickets were made in "FraLi Air" planes just brought over from Ohio in a special train, and will pay for work they use.

Due to the fact that notice of the flight was given last week, many Society members did not take the opportunity heretofore of taking this free ride.

Awards will be made to the Sanborn and New England Airline Show to be held Wednesday afternoon December 2 to December 5. The Society is therefore requested that any members who are interested in the various events of the show, plan to be present.

The problem of the number of first year students is to be discussed at the meeting of the Aeronautical Society to be held December 2. The first class will be made in the form of wire or sheets. After being used the material will be returned to the society for further use.
