long performance, for there is not enough variety present today to work out all the classic problems. Perhaps we should have seen some of the cleverness of the subject it was very sound.

THE RIVER

For the first time in this country, Captain Patience's play, "The River," is being presented by the Oyster Players. It is a tense comedy, sentimentally and well acted.

As a tale of adventure in the tropics, it is a tall order for the complicated plot to make a man's life easier. The bridge to the other side is made of the largest spiders' webs in the world. The audience must be on the lookout for the first time tonight to discover the real consequences of the characters' mistakes. It is a story of a man who is pushed into the water by his wife, and of a man who is pushed into the water by her.

The play opens with a group of men and women, all trying to escape from their problems. They are led by a man who has been missing for weeks, and a woman who has just arrived from Europe. The man is a poet, and the woman is a dancer. They all work together to try to escape from their problems, and in the end they all succeed.

All must be present. 13-echeers will start Saturday at 3:00. Faculty Dining Room will be packed with old Techies.

DORM DANCE TO BE HELD NEXT FRIDAY

The second informal Dormitory Dance of the term will be held in Walker on Friday evening. This dance will be one of the usual dances held periodically by the Dormitory men. The popularity of this affair will be the result of the enthusiasm of Mrs. A. A. Blanchard and Mrs. E. T. Langley, who have taken the charge of the socials. There will be a band of various and interesting characters and music, and the dance will be well attended.

Drummers and the orchestra stalls its surge of music—and the applauding couples begin to leave the floor—when you join the good fellows for jolly talk and friendship—have a Camel!
