Technology Boxers To Fight In Amateur Bouts

VALUABLE EXPERIENCE WILL BE GAINED IN THESE BOUTS

An innovation will be made this winter in Technology boxing practice by Coach Haines when he selects two events in and around the Institute for several of his men. These bouts will be solely with amateurs and will be a great aid in not only conditioning the men but also in giving them valuable experience in different types of boxing. The plan is to have two points of the game which should prove valuable in their intercollegiate competition.
