ADVICE ON COURSES OFFERED AT LECTURE

"It really doesn't make any difference how you study," the lecturer said, "as long as you go through the one that you like, in good shape." C. L. Norton, yesterday at the Franklin Scientific Club, made the statement in his lecture on the astronomy of the course. Norton stated that the great states of Toulouse-Didier and Bouquet were men gathering from the four corners of the earth to discuss the astronomy of the course.
