CLASS FORMED TO END UNDERWEIGHT

Medical Department To Give Course To Help Men Put on Weight

In answer to the numerous queries in regard to the class in Physical Fitness, the Medical department states that this was formed to help students who are underweight and who wish to change their physical condition.

The goal is normal development! To accomplish this end, by instructing the student in the proper methods of food and they are methods for the benefit of the body. The results have been in line with the good will that can only be established by proper methods. The class has been divided into two sections, each section meeting twice a week, and the lectures are given by Dr. Jones and Dr. Smith.

The programme of exercises and other things helps in the development of the body. Every student is required to register for the class, and the students who are registered are required to attend the meetings on a regular basis.

The Medical department urges all students to attend the meetings for a better understanding of their health and development.

SHERSMAN SPEAKS AT TECH BANQUET

(Continued from Page 1)

While in Switzerland Dr. Tylor told some amusing stories of his trip, and that connection he mentioned that he was very much in favor of both theik Diet and Exercise. The good will that can only be established by proper methods is far more important than the quantity of food. He emphasized the present acute shortage of food in each other's needs. This shortage between Canada and the United States was very much in favor of both the Diet and Exercise. The present acute shortage of food in each other's needs, based on the weekly weighing of each student, it was found that the gains were very much in favor of both the Diet and Exercise.

Captain De Leon expressed views in response to the introduction of the keynote speaker, R. O. T. C. Rifle Team.

The class has been divided into two sections, each section meeting twice a week, and the lectures are given by Dr. Jones and Dr. Smith.

SUGGESTIONS ON THE PARTICULAR NEEDS OF THE INDIVIDUAL STUDENT

The class in Physical Fitness is formed to help students who are underweight and wished to change their physical condition. It was found that the gains of those who attended the class were very much in favor of both the Diet and Exercise.

In instructing the student in the proper methods of food and exercise, and in regard to the class in Physical Fitness, it was found that the gains of those who attended the class were very much in favor of both the Diet and Exercise.

CLASS FORMED TO HELP STUDENTS

The class has been divided into two sections, each section meeting twice a week, and the lectures are given by Dr. Jones and Dr. Smith.

From examination of the charts of the members of the instructing staff, it was found that the gains of those who attended the class were very much in favor of both the Diet and Exercise.

The class has been divided into two sections, each section meeting twice a week, and the lectures are given by Dr. Jones and Dr. Smith.

The absence from this meeting of class and class who attended the class were very much in favor of both the Diet and Exercise.

The class has been divided into two sections, each section meeting twice a week, and the lectures are given by Dr. Jones and Dr. Smith.

The class has been divided into two sections, each section meeting twice a week, and the lectures are given by Dr. Jones and Dr. Smith.

The class has been divided into two sections, each section meeting twice a week, and the lectures are given by Dr. Jones and Dr. Smith.

The class has been divided into two sections, each section meeting twice a week, and the lectures are given by Dr. Jones and Dr. Smith.

"THE MATINEE GIRL"

Amazing but not particularly original is "The Matinée Girl," at the New Theatre this week and an excellent week only. Every old gag of musical comedy is introduced, but the manner in which these gags are presented saves them from being quite tame.

As is "Lady Be Good," we have a heavy cussing cumbered by knife-wielding Latin-Americans. As in "Lady Be Good," there are scenes which are intended to give the audience something to think about, but it is not always possible to make the audience think about anything.

The music, while not startlingly original, is pleasant; "Jambalaya" proves particularly good. The dances do not work together very well on the three or four personnel numbers, but the chorus numbers showed some fairly clever work.

The menu, while not strikingly expensive, is pleasant; "Jambalaya" proves particularly good. The dances do not work together very well on the three or four personnel numbers, but the chorus numbers showed some fairly clever work.

Students at the University of Cal. apparently use their silverware for some coarse metal beads and boring, because every year the University has to bring in a new supply.
