mory of this report as it appears in the document itself is as follows:

"As a result of the financial needs of the athletics at M. T. Y., an investiga-
tion was authorized by the Institute Committee to determine the practi-
ability of increasing the present amount of money allotted to the Student Tax as a source to provide additional funds which are very essential for the upkeep and future welfare of athletics at Technology.

Conclusions

The committee which conducted this investigation has found that the present method of combining with the athletic tax, $3.35 per student, the Student Association to finance a deficit of $2000.00 in this year's operating ex-

To care for this need of $8383.00 on the basis of 350 paid undergraduates it will be necessary to increase the athletic tax $3.50 per student.

The committee has left the matter for discussion for the possible sources of income from this source.

To raise for this need of $8383.00 on the basis of 350 paid undergraduates it will be necessary to increase the athletic tax $3.50 per student. In view of the fact that this $8383.00 is an estimate and in order to have these collection increases the price of $6.00 would more ad-

Recommendations
Your committee, therefore, after a careful consideration of the situation recommends that:

1. The Student Tax be increased $3.50 per man per year and that the increase be apportioned to athletics in addition to the present apportionment.

2. The Corporation take steps to

3. The adoption of this tax will provide needed facilities and equipment.
