TECHNOLOGY WILL HAVE 1926 CIRCUS

Institute Committee To Send
In Definite Approval
To Corporation

It was decided at the regular meeting of the Institute Committee to send in a definite approval to the Corporation of the proposal to continue the Engineering Circus. All parties concerned have been thoroughly and definitely approved of the outstanding success of the Student Tour, and that this year there will be an Engineering
Committee, representative of student opinion of the Engineering School, which Committee was authorized to appoint the committee.

The decision was announced that the in}

The first Saturday morning will be the Fun Grove and the first afternoon will be a show for the alumni of the class of 1920.

The following were the members of the committee:

Professor Samuel C. Prescott, in charge of the Department of Biology and Public Health, will deliver the fourth and last lecture of the series of lectures on the theme of "What Chemistry is Doing for the Student" on the fourth Saturday morning. The subject will be "What Chemistry is Doing for the Student" and the lecture will be followed by questions and discussion.

Under the auspices of the Civic En}
