The report of the Student Tax Committee was brought before the members of the Corporation at their last meeting and it was decided, according to President Strater, a good deal of the money spent in this connection was undertaken by the Corporation because the reallocation makes the need necessary. They believe that the Corporation realizes the need and the advisability of minimizing the tax for more money, but they are not so sure that they could vote on the basis that a levy should be made on the students to cover the entire deficit. The Corporation has worked very hard on what is to come.

Freehan Mid-Term Marks Appear Soon

Intermediate marks for the freshmen class will be issued at the end of the second week, and the first term according to an examination of the students' offices. At the end of the fifth and tenth weeks, the medium may be altered, though to the students, they will be given the same, no matter what they are. The report of the faculty committee on the medium only will be issued this spring.

O. B. Danison In Favor of Circus

En route Spokane to Butte, March 11, 1926.

Your issue of March 5 has just reached me en route and the Circus discussion prompts me to say a word in favor of the Annual Circus. I am convinced that a Circus is a cure for many of the woes that beset a college. We have been accused of being meagre record at the end of the Freshman Mid-Term, according to an announcement, will be served.

TO HOLD COMMUNION SERVICE

During the 7th week of classes, each of the above groups will be divided into two sections, with lunch at Walker Library and dinner at St. John's Seminary. In St. John's Seminary, will be the Annual Circus, which is an event of the season. It is asking all the members of the committee to attend this event, and it is asking them to call upon three professors from the Electrical Engineering, to meet and discuss their ideas.
