Major Childs offers several suggestions on what a good citizen should be and what the public expects of him. He should be good in speech, of good appearance, and be able to explain things. He should say the right thing at the right time. He should tell the truth, even when it is difficult to do so.

Professor Franklin to Speak at Lowell

Professor William S. Franklin, of the Department of Physics, will deliver the second annual interview lecture of the Technology Christian Association on Wednesday morning, March 22, at 10 o'clock, in the gymnasium. All members of the course, II last year, and interested individuals are invited to attend.
