Only Ten Days Remain For Circus Preparations—Stunts Are Needed

Hair-raising Aerial Act Will Be Staged by Aero Society

April 9 (Crimson) — But ten days remain in which to prepare for the annual circus to be held in the Carnegie Auditory on Saturday, April 16, and plans are now being shaped for the performance.

The tenth anniversary circus will have a regular program and a few novelty stunts. It will be conducted by the Aero Society, and will consist of a variety of acts, including a hair-raising aerial stunt which has been the feature of the circus on recent occasions.

The circus will be held at 8 p.m. in the Carnegie Auditory, and admission will be 50 cents. No school picnic tickets will be accepted.

Redemption of Outstanding Signs Begins Next Week

The plans for next year’s technique are being made for Technique rush, which officially opens Junior week. The rush will take place Wednesday, April 16, and the following week will be set aside for Technique.
