Wednesday, March 31, 1926

LIASON COMMITTEE WILL MEET TODAY

STONE & WEBSTER
INCO
RIGURATURG
DESIGN steam power stations, hy-.
dropower developments, transmis-
sion lines, city and interurban elec-
tric, gas and chemical plants, industrial plants, ware-
houses and buildings.
CONSTRUCT either from their
own designs or from designs of other engineers or architects.
OPERATE public utility and in-
dustrial companies.
REPORT on going concerns, pro-
posed extensions and new proj-
ected.
FINANCE industrial and public
utility properties and conduct an
Investment banking business.
NEW YORK BOSTON CHICAGO

SIMPLEX

SIMPLEX Wire and Cable, manufactured with rubber, paper or varnished cotton and covered with braided, lead or steel armor, are rendering a valuable service in many of the larger power stations of the country.

FOR A quick and sure answer to your smoke problem—try Camels!

When you and spring are thrilling to the opening game of the year—and your favorite player drives out a homer—as the stands rock with cheering—have a Camel!

THE DENISON REPORTS

Circus Freaks You May Not See

(Conducted from Page 1)

This and there were 74 at dinner in S. S. In the health of the President of the College and the health of the students in attendance. I think it is right to mention that the President of the College had not taken the dinner. But it seemed that the dinner was the first meeting of this sort that I have ever been present at. I am not sure, however, that we have promised to do better. In Seattle a lot of men seemed to be away, but still we had 21 at the dinner. "Coming Soon to the Mountain West." We have a number of Masquers, so we are a very popular club. I have been told that a very remarkable co-op is going on at the South of Trade Castle (Duble "T"), Under the wonderful leadership of the club secretary—Carl J. Eucken. A splendid movie was planned and carried out and the newspaper publicity was wonderful. We are sending the pictures now. An assembly of 500 in the Tech Club appeared at a meeting of the Boller Radio Club.

Alumni Hear Report On Association Tour

(Conducted from Page 1)

The course of our tour, being a sort of survey for the value of a technical education, regardless of the ultimate line of endeavor. He also reported that the number of active members of the Alumni Association was 1344 as opposed to 897 a year ago.

At a mid-senior Frederic M. P. Ford, Jr. presented the Alumni Club, composed of undergraduates of Tech, asked the motion to support Tech Shows, and the motion carried. The secretary of Tech, with the opening time, will give an assembly on the exact colors which contrast to the Federal Government.

DORM COMMITTEE IS HOW TO DORM BOARD

Members of the dormitory committee and the Dormitory Board held their annual annual meeting at the Bursar's Court Hotel Monday evening. A general discussion of dormitory and hospital finance was taking place, followed by a vote for the opening of the dormitory. The dormitory is planned and carried out and the music entertainment was wonderful. The dormitory is planed and carried out and the music entertainment was wonderful. The dormitory is planed and carried out and the music entertainment was wonderful.

The Denison Reports will continue on Page 2
