DOCTOR H. TWEEDY CONCLUDES TALKS AT THE INSTITUTE

Spoke in Room S-530, Yesterday I day on "Prayer and The

In the last of a series of talks onotime and religious subjects, Dr. Henry H. Tweedy of the Yale Divinity

School spoke on "Prayer and the Ritual of Life," Talks were given in the

order of the Technological Christian Association, George G. Len-1-

son, was the presiding officer.

According to the speaker, man is more than merely a soul, God to give to no one, but to all. There is no God who is content any man, but who gives every man, and this spirit is manifest

us. We can't grasp and expect to obey any religious system which

denies the beneficent and progressive power of God, the Bird.

As in all overseer of Harvard University, of the

Association, stated last night that he was

the benefit of each Irving, the speak-

Dr. Rockwell To Give Awards To Team Members For Past Performances

With the finish of the banquet who (Continued from Page 3) the

swimmers' fund, the Techno-

Clubs will present plaques to

leaders of the teams who have been

most successful in the season.

To enable the anxious

Coach Hedlund and the

plaque to the team which

shall be a measure of the

merit of the team. The plaques

will be presented to

the Swimming and Water Polo

teams when they meet with

the Technology versus Yale

meets, which is awarded to the

winner of the annual meet of

that will be present and will give an

brief talk. Dr. Rockwell President of the

Advisor on Athletics will also give a talk.

The general discussion.

Mr. Kenney, who laid out many of the

tracks of the campus, made a brief

note.

The annual combined concert of Sim-

mons College and the Tech Orches-

ra was held in the North Hall.

It was difficult to predict whether a
ticket would be sold. The few not

sold were given away to those in the

audience. The program had a wide

range of material from the old

music to the new. It was enjoyed

by all.

In the Fraternity House a rendezvous for Tech men.
