SOPHOMORE CLASS
WILL HOLD DANCE

Affair Comes in Middle of March—Orchestra And Place Indefinite

Exhausting their director class, the Sophomores will hold a dance for all their members sometime in the early part of the month. Mr. George G. Scull, President of the Class of 1924, will be in charge. It is expected that an opportunity will be presented to make the affair a noticeable one.

At this time the institute officials are receiving applications for admission to several sororities and fraternities. After examining these applications, which have been received from several prospective halls for the spring term, it is expected that complete information as to time, place, prices, etc., will be furnished to the interested persons.

LECTURE TODAY ON
POWER OF ENGINEER

Professor Charles M. Spafford
Speaks To Society of Arts

(Continued from Page 1)

Important structures, achievement that would be for the recognition of the same were not already are not. Among the collection a class of the present fifty million dollar 400 foot Hudson River bridge will be put on display. It is interesting to note that Technology Professor Spafford, who was an instructor long ago at several of the engineering schools of the country, will be one of the presenters.
