German Hydraulics expert to lecture

Professor G. de Thierry of Berlin is coming to Technology to give a series of lectures on hydraulic engineering, according to an announcement made by the Department of Civil Engineering.

These lectures will be given under the auspices of the Civil Engineering Department and will begin about April 10. The course will be on hydraulics and will be a contribution to the study of this subject at the Institute.

The lectures will be given in the lecture hall of the Department of Civil Engineering, according to an announcement made about the course on hydraulics, which will be announced in Technology to give a course on the subject.

Old Gold is so friendly to my tongue and throat.

"I used to have to go easy with my morning smokes... for fear of that 'heavy feeling' or that morning tongue-tickle."

"But that was before I met Old Gold."

"Here's a cigarette easy on the throat as a Scotchman on his wallet. Yet with all the punch a man could handle for."

"They're O.K. all the way... without a K. O. to tongue or throat."

Please watch your mouth; white walls are not discussed in student council; in fact they are not discussed in student council at all.

According to the Christians, the older generation condemns the sex as the sex is not touchable. "But that was before I met Old Gold."

"They're O.K. all the way... without a K. O. to tongue or throat."
