NOTED SPEAKERS FEATURE SERVICE INSTITUTE OPENING

Science Is 2000 Years Ahead of Politics, It's Claim Of Charles Boardman

DR. STRATTON PRESENTS

Governor Alvan T. Fuller is Guest of Honor At The Initial Banquet

"Mutual Relations in 2000 years ahead of political science," was the statement made by Governor Fuller at the opening banquet of the Institute of Public Service, in the Hotel Statler, Wednesday evening, when the Institute was opened in its new quarters.

Followed by an address of welcome, the Governor gave four prepositions asserting the necessity of industrial education. The opening of the Institute of Public Service is the embodiment of an idea which has been for some years a matter of thought and discussion in many circles, and it is only a year since the organization was laid down.

The Institute of Public Service was founded by Dr. Harry H. Elting, President of the University of Wisconsin, and is a part of the University's extension work.

Butler to Speak On Mongolia At Freshman Smoker

Flynn and Marshall in 150-lb. Boxing Finals Are Included

Lynwood Presson Butler, B. A., Adjunct Professor of Sociology, Wesleyan University, is to deliver a lecture on "Society in Mongolia," at their annual Freshman Smoker in the Main Dining Hall of Alumni House Wednesday evening, it was announced.

Lynwood Butler, who is at present a student at West Point Military Academy, was for three years a student at General College in the A. J. Lowthorne's lecture on the history of the front of the world, during which time he was stationed in a month's journey to the front of the world, during which time was stationed in a month's journey to the front of the world, during which time was stationed in a month's journey to the front of the world, during which time was stationed in a month's journey to the front of the world, during which time was stationed in a month's journey to the front of the world, during which time was stationed in a month's journey to the front of the world, during which time was stationed in a month's journey to the front of the world, during which time was stationed in a month's journey to the front of the world, during which time was stationed in a month's journey to the front of the world, during which time was stationed in a month's journey to the front of the world, during which time was stationed in a month's journey to the front of the world, during which time was stationed in a month's journey to the front of the world, during which time was stationed in a month's journey to the front of the world, during which time was stationed in a month's journey to the front of the world, during which time was stationed in a month's journey to the front of the world, during which time was stationed in a month's journey to the front of the world, during which time was stationed in a month's journey to the front of the world, during which time was stationed in a month's journey to the front of the world, during which time was stationed in a month's journey to the front of the world, during which time was stationed in a month's journey to the front of the world, during which time was stationed in a month's journey to the front of the world, during which time was stationed in a month's journey to the front of the world, during which time was stationed in a month's journey to the front of the world, during which time was stationed in a month's journey to the front of the world, during which time was stationed in a month's journey to the front of the world, during which time was stationed in a month's journey to the front of the world, during which time was stationed in a month's journey to the front of the world, during which time was stationed in a month's journey to the front of the world, during which time was stationed in a month's journey to the front of the world, during which time was stationed in a month's journey to the front of the world, during which time was stationed in a month's journey to the front of the world, during which time was stationed in a month's journey to the front of the world, during which time was stationed in a month's journey to the front of the world, during which time was stationed in a month's journey to the front of the world, during which time was stationed in a month's journey to the front of the world, during which time was stationed in a month's journey to the front of the world, during which time was stationed in a month's journey to the front of the world, during which time was stationed in a month's journey to the front of the world, during which time was stationed in a month's journey to the front of the world, during which time was stationed in a month's journey to the front of the world, during which time was stationed in a month's journey to the front of the world, during which time was stationed in a month's journey to the front of the world, during which time was stationed in a month's journey to the front of the world, during which time was stationed in a month's journey to the front of the world, during which time was stationed in a month's journey to the front of the world, during which time was stationed in a month's journey to the front of the world, during which time was stationed in a month's journey to the front of the world, during which time was stationed in a month's journey to the front of the world, during which time was stationed in a month's journey to the front of the world, during which time was stationed in a month's journey to the front of the world, during which time was stationed in a month's journey to the front of the world, during which time was stationed in a month's journey to the front of the world, during which time was stationed in a month's journey to the front of the world, during which time was stationed in a month's journey to the front of

BROWN WRESTLERS FAVORDED TO WIN NEW ENGLAND TITLE

Representative of Insurance Company Will Clarify Any Questions

SCHEME FAVOURS STUDENTS

In regard to the new endowment plan, which has been made public, students were favorably impressed.

The scheme provides for the creation of a new endowment fund to be used for the purpose of providing scholarships for students.

It will be possible to raise funds from a variety of sources, including personal contributions, corporate gifts, and government grants.

The scheme was presented by the representative of the insurance company who will be administering the fund.
