PHOSPHORUS TURNS TO HEADGEAR TOMORROW

Following a policy of making their seats "by market number," the Laundry staff will offer its "Derby Number" for sale on the stands tomorrow. An example is the adoption of the derbies as the official headgear of the Laundry team, as this also will be a constant reminder of the members of the Laundry team. As a matter of fact, the Laundry team will be followed in the_DERBY NUMBER by the Laundry squad.

A series ofights will be made at these events by HarkAMP, the Laundry's star running back. The safe, "The Justification of the American Football Player," depicts a varried assortment of the many "Derby numbers." The daily frontpage of certain newspapers have been cut by Curtin's running back, and will be used in making the stand.

WHITING CONCERT TO BE TOWARDOMORROW

Music of Beethoven Will Be Featured of By Boston Musician

A tribute to the genius of Beethoven will be heard in the concert room tomorrow night at 8:30. Several of Beethoven's famous works will be performed by the orchestra. As Mr. Whiting endeavors to create a spiritual experience, he will accompany the concert with his favorite organ. Mr. Whiting's endeavors to create a spiritual experience will be well received by Mr. Whiting's orchestra.

Music of Beethoven

Beethoven, 1770-1827

1. Symphony no. 5 in C minor, Op. 67
2. Symphony no. 9 in D minor, Op. 125

4. Violin Concerto in D major, Op. 61
5. Symphony no. 7 in A major, Op. 92

Additional programs are conducted by Mr. Ross on the violin section and Mr. Berkey on the piano section.

PROGRAM OF CONCERT

President of Hartford Light Company Favors Power Interconnection

With a "Favor of Today's Public Utility Consensus," President of the Hartford Light Company, Mr. Samuel F. Gulick, presented the proposal of the Hartford Light Company to the public for the purpose of making an interconnection of power with the New York Central System. Mr. Gulick said that the idea of a power interconnection is one of the most important factors in the development of the industry.

"The interconnection of power is a matter of public interest," Mr. Gulick said. "It is a matter of public interest that the Hartford Light Company should be able to interconnect with the New York Central System." Mr. Gulick added that the interconnection of power will be of great benefit to the public, as it will enable the Hartford Light Company to supply power to the New York Central System when necessary.

There will be a short informal address from the floor of the Hartford Light Company to the public, which will be on the subject of the interconnection of power. The address will be given by Mr. Gulick, who will be in attendance.

The interconnection of power will be of great benefit to the public, as it will enable the Hartford Light Company to supply power to the New York Central System when necessary.
