HOLD HUGE CELEBRATION TONIGHT

TOMORROW NIGHT

FRESHMAN CLASS

Says Course Followed Is Not Important if Principles Are Learned (Continued from Page 1)

of all-round development, with some knowledge of humanistic subjects and the ability to understand human nature, rather than a mere technicist, of which the first annual course was almost exclusively.

This was the first of a series of lectures to be given by Mr. Hart. His second lecture was scheduled for Tuesday night, April 10, at 8 o'clock in room 10-260, when he will discuss "Engineering Education in Great Britain." In this talk he will compare the educational methods in use in technical schools in England and in this country. His third lecture will be given on Tuesday or "Science as the Foundation of Engineering," and the last talk of the series will be delivered Friday, April 13, on "The College System of Britain: Its Planning Facilities Arranged for Exceptional Students."

FRESHMEN PLANNING GALA DANCE IN MAY

Freshman section leaders decided at their meeting yesterday that, pending a favorable report from the investigating committee, the class will hold its formal dance on May 15 for which all students will be invited to purchase tickets.

In doing this, the class of 1930 is attempting something that no other freshman class at Tech has ever tried. Owing to the success with which the students who are seniors this year have been supported by the freshmen, the section leaders feel that seniors who have not already turned in their tickets for the May 3 dance will do well to do so as soon as possible.

MUSICAL CLUBS OPEN TICKET SALE MONDAY

Tickets for the annual Sigma Con- (Continued from Page 1)
cert of the Combined Musical Clubs, scheduled to take place in the Im-perial Ballroom of the new Student Union on April 10, will go on sale in the Main Lobby Monday at 11 o'clock and at the Student Club's office in Walter each day until the concert.

This year's Junior Week section of the Musical Clubs will be the first technical affair at the Imperial Ballroom of the Statler and offers the Sigma Concert an exceedingly large and a state prepared with all of the facilities of a modern theatre.

NEW OFFICERS ARE ELECTED FOR 'C. A.'

Jessup Is Made Vice-President and Kliegerman Treasurer (Continued from Page 1)

Course '27. His first and second years he was on the staff of TECH, and during his second year he was on the staff of THE LOUNGER. During his junior year he was on the staff of THE LOUNGER's sports section and was managing editor and cultural editor for the last year, except for the first year, at the end of which he was editor of the TECH. Mr. Thompson Sedgwick lecture at Tech-

Dr. Emerson will give the sixth William Thompson lecture at Tech-nology in 10-250 on April 8 at 8 o'clock. Dr. Emerson will make as his subject "Public Health Diagnosis." The Memorial lecture was estab-

lished in memory of Dr. William Thompson, who was the head of the Department of Biology. Three ad-

dressers are being held under the auspices of that department.

THE LOUNGER (Continued From Page 2)

due to sour condition of the ground, which in turn was brought about by the presence of a large amount of clam shells in the soil. The Lounger re-

quires, however, that he believes the latter suggestion the practical.
