TEAMWORK IS DISPLAYED

Freshman Gets Four Paddles
And Receives Individual Honors in Fracas

Characterized by more ripped clothing than has been the case for many years, the Technique Rush Saturday afternoon fully came up to the expectations of the sponsors and to the contestants who were able to win paddles. More than 40 students selected their lives and their clothing to struggle for the coveted block of wood during the 30 minutes in which the paddles were passed out to the throngs clapping about the machine. A dozen scrambles took place in the short time, and more than 40 students risked capture of the lucky tennis ball.
