One of The Reasons Why 86 R.O.T.C.
Men Forgot About Their Appointments

Last Friday the Medical Department made arrangements to inoculate men for summer campwork who wish to take care of one hundred men. They waited for the men to show up, but only 14 came. These men will be given the second "shot" Friday and the third a week from Friday. Since it is now too late for any more men to be inoculated, all others who go on camp will have to make their own arrangements there.

FINAL DINNER GIVEN
BY CORPORATION XV
Melville B. Liming Addresses Meeting on Business
Melville B. Liming, Secretary of the Boston Chamber of Commerce, wished the new president, Chas. B. Robinson, to succeed the late Dr. John G. Walker, last night at 5 o'clock. In his talk as the subject "New England Business," Mr. Liming outlined the course of business conditions in this vicinity, and made several statements regarding the present financial outlook.

WILL TALK ON RAIL ELECTRIFICATION

Mr. W. D. Hazen of the General Electric Co. has consented to come to the Institute this afternoon and talk on "The Present Status of Railway Electrification" before the M. I. E. Branch of American Institute of Electrical Engineers in Room 840 at 2:30 o'clock. Slides and motion pictures will be used for illustration.

Not content with all the Yale an-
Proctoriam sometimes it attracts, Miami is the best for more male actors. Moreover it offers to lend women to the Am-
herst Dramatic Club. The idea is to
be away with the necessity of flatter-
ing women in men's parts and vice
versa in the theatrical production.
(Also to increase the number of try-
outs for leading parts and to hold a
perfect attendance record at rehears-
als.)

SPEAKING CONTEST

Nine universities were represented at the third annual speaking contest of the New England colleges, held as an elimination for the contest of the Beloit American Society of California. This society is putting up a prize for the winner of a spelling word contest, the entire university is divided into seven groups of colleges, of which the New England group is one, each at which holds an elimination. Winners of the group competitions go to California to partake in the final contest.
