Gendarme Attemps To Distribute of Soccer Practices

Technology students have been thrown out of and off of many places because they came out on the long end of the argument when one of Cumbridge's blue-coats attempted to urge the soccer team off of one of the student's athletic fields back of the Com. The scene was played on the about 4:30 this afternoon and proceeded to Captain F. Darcey's offices and his two men of the field.

After a few impolite remarks at the police, the irate policeman proceeded to the offices of the law enforcement, buildings, where he found that his feelings were not as much to be feared right to the field at any time. Regardless of his anger, the irate police carefully counted the number of students who were trying to play on the field at the same time.

POSTPONE DINNER FOR NEW STUDENTS

Dr. Rockwell, and Professors Rogers and Robinson

Will Speak

At a dinner to be held in the Alumni Room this evening, right to the field at anytime.

Dr. Rockwell, and Professors Rogers and Robinson, will be in an impartial, way this evening, to a general idea of what work done in those activities, and what they offer the student as a part of his work. The information, and enlighten the new students on the subject, not to enter competition in the same activity.

Coming as the last of the after dinner speakers, Robert E. Rogers, Professor of English at Technology, will enlighten the new students on the subject of Deek Shaw. As it was last year, Professor Rogers' talk will probably be largely humorous.

These speeches will all of necessity be rather brief since they will not start until 7 o'clock, so that the men may have a chance to finish their dinner.

The arrival of the remainder of the student body at 7:30 will probably put a forced stop to them.

At this time there is a split in the assembly; and there will be a meeting of those interested in the activities, which will be held by the Varsity Boxing and Wrestling teams.

Those interested in sports may make a tour of the offices of the student body at this time. There will be men in each of the offices to answer any questions they may have.

The event is a traditional feature of the Alumni Dinner and gives the students a chance to go up to the gymnasium, which will not be this evening. The delegation was led by the Varsity Boxing and Wrestling teams. Others who would rather inquire further into activities may make a tour of the offices at this time. There will be men in each of the offices to answer any questions they may have.

Student interest in the late start will be gathered by the awarding of the Swartz medal for the most valuable undergraduate of the past year, Professor Rogers' talk will probably be largely humorous.
