T. C. A. RECEIVES LESS THAN 2-3 OF $3100 ASKED FOR.

Contributions will Still Be Receivable in Main Lobby;
As Free Lances for Money

Slightly less than two-thirds of the $1100 goal of the drive of the Technological Christian Association has been realized so far, according to Morris W. Smith, president of the drive and that of the college's Y.W.C.A. organization. Although complete collections were not made last Friday afternoon, it was stated that the total up to Saturday afternoon was probably $900.

FRESHERS LEAD CLASSES

Fresher classes met at 8:30 on Friday night, that part of the student body which has just entered tech and who contributed may do so at either front of each office of the association, and those students who have already contributed and wish to raise the amount of their stock will be invited by the office to do so.

The ballot box will remain in the Main Lobby until next Wednesday for those who wish to make any donations.

Approximately 60 percent of the total in. the drive is pledged. The last tabula will be made in the Main Lobby and it is expected that the freshman class will be in the lead.

Free Lances who have not yet turned in their accounts are requested to do so at once in either office of the organization so that all the vaguest idea of the total amount raised will be dispelled. The failure of the drive is held by the Association to be largely due to lack of good organization of collectors, coupled with the Free Lances. Many also have not contributed to the fund for the drive was badly needed. The attendance at the drive is expected to be great and some of the books, memberships, subscriptions, assorted, of course, included.

Show Author To Be Announced At Smoker Thursday

Acts From "West Is East" Are Secured as Features Of

Tech Show will announce the booking which they will use for the show this year and the writer who wins the prize of $35 at that 35th annual Smoker which will be held in North Hall at 7:30 on October 20 will be Mr. L. E. Maier. The event will be

Mr. Lyons' Address

Dr. James A. Biddle '82, who served as

He was also the last speaker of the day and gave a humorous account of his five years as president of Tech. He discussed the future of the college in a world that was rapidly changing and emphasized the importance of education and preparation for the future.

GUEST SPEAKERS

Mr. Lyons was accompanied by his wife and daughter, who also addressed the meeting. They spoke on their experiences in various parts of the world and the importance of cultural exchange.

ENTERTAINMENT

The entertainment included a variety of musical performances, including a band and orchestra concert, a choral concert, and various fraternity and sorority shows. The Smoker also featured a variety of games and contests, such as a raffle and a quiz show.

CHAMBER SINGERS

The Chamber Singers performed a selection from their repertoire, including several traditional and contemporary pieces. They received a standing ovation from the audience.

THIRD AND FOURTH BAND BANDS

The Third and Fourth Bands presented a program of popular and seasonal songs, including favorites from the past year's performances. The audience enjoyed the lively and energetic performances.

SINGING DUETS

Several singing duets were performed throughout the evening, featuring a variety of partnerships and styles. The duets added a romantic and sentimental touch to the Smoker.

SMOKER CONCLUSION

The Smoker concluded with a speech by Mr. Dunham, who thanked everyone for their participation and promised to make next year's Smoker even better.

The Smoker was a success and a highlight of the social calendar for the year. It brought together students from different classes and backgrounds, providing an opportunity for people to socialize and form new friendships. The event was a testament to the spirit of community and camaraderie that exists at Tech.
