**DIFFICULTIES OF PACIFIC NON-STOP FLIGHT DESCRIBED**

200 Gallons of Gasoline Left When We Came in at Ends Pacific Hop

**FROST STOPS ENGINE**

A new type of radio receiver had been installed in the airplane, with new paper turntables and photographercrowd all over the stop and some of the passengers sat around, so that there must have been a good conversation for the small tips were paid out, and we left the islands, for we started with 1,120 that we could have kept going 1,000 low altitude in the darkness, so we landed our tanks held 200.

The islands, for we started with 1,120 that we could have kept going 1,000 low altitude in the darkness, so we landed our tanks held 200.

**HOLD BANQUET FOR FIELD DAY TEAMS**

There will be a banquet for all the members of this year's Field Day teams on North Beach. Wakes will be held for their classes a chance to show off their team spirit and talk over the happenings of the afternoo. The program will be informal, but the emphasis on enthusiasm and the few members will be announced at a later date.

**FROST STOPS ENGINE**

The engines stopped in the dark. For the rest of the trip we were in and out of the clouds.

**FIELD DAY CREWS RACE IN MARCHING**

Glove Fight Will Not Count In Freshman-Sophomore Meet

(Continued from Page 1) Fine team came back from last fall with some additional material easily round out this advantage. The game promises to be close, whoever wins.

**COLLEGE CHRISTIAN ASSOCIATIONS MEET**

Initiate a new law among College Christian Associations, the cabinets of the college Christian Associations of Greater Boston meet tonight at Baldpate Inn, Georgetown, Mass. This meeting is attended by a 5% representation of the various cabinets around Boston. This conference is held as its program of discussion of common problems, and was under the leadership of Clar-
