Four Stations in New Neckwear for Is Set By Committee

NEW TYPE OF TIE FOR FRESHMEN IS TO BE SOLD ON SALE

S Workers Sale of One Dollar

COLORS TO BE THE SAME

Freshman tie of a new kind of material will be sold Friday night to freshmen. It is the first year as soon as it arrives it will be ready to have them made up.

This action has been taken by the Rules Committee in conjunction with the Harvard Co-operative Society in order to reduce the burden of the present number of ties.

The new tie, the fabric of which is a combination of silk and wool, which will prove to last a good deal longer than the present tie, but not so long as the tie of silk and wool has not the brilliant finish of silk tie as other.

The price of this tie is also quite as handsome as the others.

At cut sales of silk and wool which makes possible a tie which will last an entire school year. This tie is in a measure to contribute to the attractiveness of the new freshman. Their flying is also quite superior to that of the present tie, being rather more elastic and comfortable. The tie, when properly regulated, will be dyed in the proper colors of the present. Their price of one dollar is also quite moderate.

INSTITUTE BODY HAS A ROUTINE SESSION

Forms Sub-Committee to Take Charge of Various Details

In a particularly dull meeting last Thursday, the Institute Committee appointed a number of sub-committees to take charge of various details.

At the meeting of last Thursday evening, the Institute Committee appointed a number of sub-committees to take charge of various details. The appointment of a committee at three meet...

HOW TO GET A JOB IS TOPIC OF ESBACH

Electric Students Will Hear Lecture Tonight

Mr. O. W. Dobbs of the Bell Telephone Co. will address a meeting of the electrical students tonight in Room 235. He will answer the question that faces the graduates, "What kind of an engineering job can I get, and where is it?"

This is the second of the series of meetings sponsored by Mr. Dobbs and the ESBACH.

Mr. Dobbs will answer this question tonight in Room 235, and the lecture and discussion will be continued until 8:30.

The meeting will be open to all members of ESBACH and all interested students.
