CARDINAL AND GRAY PUTS UP STIFF RESISTANCE
OUTPLAYING WILDCATS THROUGHOUT THE GAME

New Hampshire defeated the Engineer soccer team 2-1 at New Hampshire Saturday in one of the best games of the season. Technology clearly outplayed their opponents, but couldn’t find the finishing touch. The game was played on the field against the stiffest competition the season. It was played a little too much with the defense and did not give enough offense, at times; although they have improved greatly since the beginning of the season.

During the first half, Technology had a 5-1 lead against the Wildcats, but Tomacelli came right back and scored the first goal. This was a result of a rush down the left side of the field, where he took the ball down and entered the field, reaching another Engineer in the middle of the field. Through the good teamwork of the Engineers, they tied the game at 1-1.

In the second half, the Wildcats were back to their best form. They played a little too much with the defense and did not give the offense enough time. At the last minute, Technology
could only get a ball through the New Hampshire defense. Allen, rf
