ADVISORY COUNCIL RULS FIFTH YEAR VI.-A MEN ELIGIBLE

Will Add to Funds on Hand to Pay for Cross Country Winter Outfits

PASS A. A. CONSTITUTION

Students in their fifth year are Course VI-A are now eligible for participation on various teams, according to the new ruling made by the Advisory Council at its meeting last night. This is exactly contrary to the temporary decision which you made by the Council early this fall.

Such a ruling is made possible because of the fact that VI-A men, although they are students for five years and are under the same eligibility rules as VI-B men, are not held to the same academic standards, and do not obtain their bachelor's degrees in the fifth year. However, this new regulation does not conflict with the stipulation that in the fifth year, men can only have three years of credit, according to the rules. For if VI-A men have been granted credit for work prior to the beginning of their fifth year, they would, of course, have three years of credit remaining.

This change in the constitution makes it possible for the VI-A men to compete for the limited funds available for the purchase of winter outfits.

Vote Money for Cross Country

A second resolution was passed by the manager of cross country, the Advisory Council, that the treasurer was authorized to purchase the necessary outfits for the winter season.

The constitution of the club, which was adopted by the students at the annual meeting held some time ago, states that the manager of the club has the right to receive funds for the purchase of winter outfits.
