Behind the scenes with Columbus

THERE is a forgotten chapter in the life of Columbus which in its way had as much to do with the discovery of America as the voyage itself. We refer to the years spent in preparing the maps, plotting the routes, and planning the voyages. Columbus was not just a discoverer; he was also a meticulous planner, and his preparations were keys to his success.

In spite of the defeat in the hands of Denmark last Saturday, Coach MacCumber’s quartet is expected to give Tech a good showing in the conference meet on Saturday. Expecting to make a profit on the 8, 12, and 16, the quartet is looked upon as one of the favorites. The game was a thriller from start to finish, and many of the coaches who saw it have expressed belief that the Home team will make Tech feel it.

In addition to the handicapping meet, the schedule has final meets with four teams. Andover, Tufts, Williams, and New Hampshire will be the remaining opponents. Two of the grants, those with Andover and the New Hampshire freshmen, will be away from Technology.
