GROVER RESIGNS FROM SWIMMING TEAM CAPTAINSHIP

Drops Swimming Altogether on Advice of Other Veteran Stars

With the resignation of Capt. Elliot B. Grover the swimming team has been turned over to Capt. A. J. Cornell. For the few weeks Grover has been troubled with sore throat which proved to be scarlet fever. When the diagnosis was made he returned to the team, but was instructed to stay away from practice. On the doctor's advice he handed in his resignation and dropped out of swimming entirely.

GROVER RESIGNS FROM SWIMMING TEAM CAPTAINSHIP

Drops Swimming Altogether on Advice of Other Veteran Stars

With the resignation of Capt. Elliot B. Grover the swimming team has been turned over to Capt. A. J. Cornell. For the few weeks Grover has been troubled with sore throat which proved to be scarlet fever. When the diagnosis was made he returned to the team, but was instructed to stay away from practice. On the doctor's advice he handed in his resignation and dropped out of swimming entirely.

DORMITORIES ARE A BIT WOBBLY

An examination of the dormitory situation by a majority of 116 objected to the proposal to have a compulsory eating plan in favor of the present cafeteria system. Over 1000 questionnaires were sent out to all the students and 870 blanks were adequately filled in.

The general questionnaire which was distributed among the remainder of the students revealed that 45.5 per cent of the men voted, as regards rooms, the students seemed to have the preferences, receiving 10 votes to 10 for dormitories. As regards food, 88 per cent of the respondents were in favor of having them installed in the present dormitories, while only a small percentage were in favor of an underground central switchboard. Several suggestions for improving the present dormitories were handed in, such as to improve the heating system, to provide more light, and to provide more space.

The next issue of THE TECH will be published on January 21st, 1928. The entire staff wishes the entire student body, faculty and alumni a most Merry Christmas and the happiest of New Years.

EXAMINATION SCHEDULE

Printed below is the list of first examinations which will be held from January 25 to January 30, inclusive. Copies of the forms and blanks may be made in the Information Office, Room 1072. The Stanford Linear Examinations will be held from January 25 to January 30, inclusive. The schedule of examinations is as follows:

TUESDAY, JANUARY 24, 1:30 P.M.

Special Examinations

ARTHUR, W. F.

L. J. T. K.

2.45 Heat Engineering 2

WEDNESDAY, JANUARY 25, 1:30 P.M.

Special Examinations

2.28 Applied Mechanics 2

2.16 Advanced Mechanics 2

2.56 Chemical Engineering 2

THURSDAY, JANUARY 26, 1:30 P.M.

Special Examinations

2.16 Advanced Mechanics 2

2.56 Chemical Engineering 2

2.28 Applied Mechanics 2

FRIDAY, JANUARY 27, 1:30 P.M.

Special Examinations

2.16 Advanced Mechanics 2

2.56 Chemical Engineering 2

2.28 Applied Mechanics 2
