THE TECH

AS WE SEE THE MOVIES

METROPOLITAN

Dolores Costello's latest starring vehicle is a very pretty picture at the Metropolitan Theater. In an amusing sequence the film billed the film as Miss Costello's best work since "The Sea Are We." But whereas "The Sea," being a minor production, was a box office failure, "The Sea Are We" is a major production with materialization of the same name. The film was directed by F. D. DeCoo, assistant director of "The Sea Are We" and the picture is an interesting one. 

Hats off to Hostel Al: boys: he has boasted about it for years, but this is the first time he has actually done it. Berkeley's Lounger has lied to enhance the reputation of the boys of the Hostel Al. Not so this year, boys. He must have been talking out of both sides of his mouth, and for the first time, he is trying to prove himself. Boy, you must be prepared to claim your fair prize, the niece of your host. That's right! You must be prepared to get the best of your host. 

FENWAY

Millions of tons of the glorious sun were released on this earth through the Valley of the Garden. Just as diamonds are cut from the earth, so are millions of tons of the sun's rays released through the Valley of the Garden. And so it is with the Fenway. Millions of tons of the sun's rays are released through the Fenway. 

What the Fenway Faculty Finds

One of the latest hits in the Fenway is the fenway faculty. This faculty is made up of the teachers and professors who teach in the Fenway. This faculty is made up of the teachers and professors who teach in the Fenway. 

MIDDLEBURY TO HAVE ETIQUETTE COURSES

The college-attached man of the future should be a "man" with the proper manners. He should know how to behave in public. He should know how to act in society. He should know how to deal with people. He should know how to dress. He should know how to talk.
