Some call it mellowness...

Some say that Camel is the mellownest ciga- rette ever made. Some that it's mild and smooth. It's really all good things in one, and that is why it is supreme upon the pinnacle of modern taste. Camel's popular- ity today is the largest that any cigarette ever had.

And, it costs something to make this kind of a smoke. It costs the cleanest tobaccos that money can buy, and a bleaching that spares neither time nor expense. Each Camel cigarette is as full of value as the world of tobacco can give.

You can be sure of smoking pleasure, reverence and full, in these quality cigarettes. Smoke all of them you want: they simply never tire the taste.
